RE: North Bay North Coast Broadband Consortium's (NBNCBC) Sincere THANKS

Dear Senator McGuire,

This has been a hard week for broadband advocates with the passage of AB 1665 and the failure of AB 375. We fear the implications from these bills will unfortunately be felt by the residents of California for years to come.

However, one thing that we are encouraged by is the strong and courageous stand that you took in regards to both of these bills. Other legislators could not stand up to industry pressure - but you did - and for that we sincerely thank you.

NBNCBC thanks you for doing the right thing even knowing at the end that AB 1665 would pass. We thank you for being willing to listen to your constituents and not being afraid to upset industry by your stand. Most importantly, we thank you for voting for the highest good for the residents of the 2nd Senate District and being accountable to them.

Please be assured the four counties (Marin, Mendocino, Napa and Sonoma) that are members of the North Bay North Coast Broadband Consortium will not forget the courageous stand you took. You are an example of a public servant that we are proud to have representing us. May we all have better luck the next time.

With sincere thanks,

Dan Hamburg (TS)
